

Men's Captain's AGM Report 11/01/2026

As Men's Captain I would like to thank Ian for taking on the majority of my work this season, while I dealt with other aspects within the Club.

It was a mixed season for the men, firstly, and rather sadly we go relegated on the last day of the season in the Kennet League. On a brighter note the KLV team played really well and were only a few points and positions from going up. Unfortunately, we are unable to field a second team in the leagues next season as County have said all positions have been filled.

My congratulations to all those winners and runners up in the Club competitions this season, and to all those who entered, thank you and let us have more names next season.

County wise we did not do that well, apart from Ian and Nigel, well done and let us hope for a better season next year.

Finally, a shout out for Barbara. Over the past 10 years or so Barbara has turned up after every Kennet home league match and made rolls or cooked pasties or sausage rolls to feed us after the game. I for one appreciate all her hard work, as I know the rest of the men do too. If anyone is interested in taking on Barbara's role in the future, as she has decided she has done it long enough, please let me know.

Many thanks

Ray Furnell
