CLUB NEWSLETTER – NOVEMBER 2025 (issue 1)

- **Kitchen** – Please ensure you leave the kitchen clean and tidy, following a visit the kitchen was found to be not as clean as it should have been, cooker tops and oven doors were dirty. DO NOT leave food out on worktops, a recent incident of finding rotting fruit left in a box on a worktop was very disappointing, if you bring surplus food which you are offering to Club members – you MUST take any leftovers home on the same day.
Thank you to the Club members who rectified this and cleaned up the kitchen.
A reminder to all who use the kitchen, once food has been unpacked, worktops should be wiped down with the appropriate general-purpose cleaner, this is located under the sink.
- **Chairs** – BTC are kindly donating chairs to the Club, there are 3 samples in the Clubhouse, we have agreed to take 25 with armrests and 25 without armrests, we are awaiting a date for delivery from BTC. If you know of anyone/any organisation who would benefit and take up to 50 of our old chairs, can you please provide details to the Club Secretary or the Clubhouse Manager.
- **Resurfacing on the front paved area** – Agriflex surface work is due to commence on Thursday, 20th November (weather permitting) it is anticipated that this will take one day to complete, the doors to the green will not be accessible whilst this work is being carried out, the side door will need to be used.
- **Bar opening** – Linda Stone (Bar Manager) advises that the bar is open every Sunday during the winter season, it will open at 12 noon. Please note that it will be up to bar person on duty on the day when the bar will close, this will depend on members there.
- **Vacuum** – When using the small battery-operated vacuum, please ensure that you empty the dust collector after every use. This gets filled very quickly and will stop picking up dirt. This vacuum has been left completely blocked on more than one occasion. Please also remember to put this unit back on charge after use.
- **Wall Heaters** – Please ensure that when seated at the round tables near the bar, your chair is NOT up against the wall heater, this is causing damage and possibly eventual irreparable damage to this heater.
- **Social Events** – Please remember to support the Club by attending social events (if you are able), details of events can be found on the Club's website, on the noticeboard and also via emails being sent out.
